

UHF DIVERSITY MICROPHONES

UHF1D ^{NEW} 1 mic

Code: 15-3025

UHF2D ^{NEW} 2 mics

Code: 15-3027 Carton qty: 1

WIRELESS DIVERSITY MICROPHONE SYSTEM

Wireless Diversity microphone system composed of a wireless handheld microphone and a UHF receiver. The DIVERSITY technology matches automatically the reception to the environment to get the best result. Supplied incl. audio lead and mains adaptor.

- AF indicator
- RF signal indicator
- Adjustable Diversity antennae fitted with mini UHF connectors
- Squelch control
- Balanced XLR output
- Unbalanced Jack 6.35mm output
- Complies with the R&TTE directive

UHF frequencies: 865MHz
 Range: Ca. 100m
 Freq. range: 20 – 18kHz, -3dB
 RF sensitivity: -107dBm, typical
 Distortion (ref. +15kHz deviat..... 0.4%
 Mic power supply: 2 x 1.5V AA batteries
 Current drain: Transmitter:..... Average 100mA (120mA max.)
 Receiver: Average 100mA (130mA max.)
 Working temperature:..... -20°C to 50°C

UHF2D

UHFGUITARLEAD ^{NEW}

Code: 15-3047 Carton qty: 1

GUITAR LEAD FOR UHF TRANSMITTER

Lead to link a music instrument to a UHF bodypack transmitter of the UHFHEAD, UHFBPMIC, UHF1D and UHF2D systems. Allows you to move freely around while you're practising.

- 3.5mm metal Jack to 6.35mm metal Jack
- Length 3m

UHF1D

UHFBPHEAD-A ^{NEW} CH A (865MHz)

Code: 15-3042 Carton qty: 1

UHFBPHEAD-B ^{NEW} CHB (863,60MHz)

Code: 15-3043 Carton qty: 1

UHF HEADSET MIC

Mini mic mounted on a headset thus allowing a perfect liberty of movement. It is connected to a UHF bodypack transmitter for a wireless connection to the IBIZA UHF1D and UHF2D systems.

- Adjustable mini mic
- Bodypack with belt clip
- Supplied with a windshield
- MUTE function to switch off the element without any noise

RangeAbout 100m
 Switches MUTE & On/Off
 Connector Jack 3.5mm mono
 Power supply..... 2x AAA 1.5V batteries

UHFBPMIC-A ^{NEW} CH A (865MHz)

Code: 15-3040 Carton qty: 1

UHFBPMIC-B ^{NEW} CH B (863,60MHz)

Code: 15-3041 Carton qty: 1

UHF HEADSET MIC

Mini tie-clip microphone that is connected to a UHF bodypack transmitter for wireless communication with the IBIZA systems UHF1D and UHF2D.

- Bodypack with belt clip
- Supplied with a windshield
- MUTE function to switch off the element without any noise

RangeAbout 100m
 Switches MUTE & On/Off
 Connector Jack 3.5mm mono
 Power supply..... 2x AAA 1.5V batteries
